

Night at the Museum

Come out to our annual Three - Night - Event...

Night at the Museum

Just like in the movies, "Our Exhibits All Come to Life! "

This phenomenon has gone on for so long that we can't control it.

Our 5th. year is bigger and better than in years past.

As you round the corner you get a glimpse of 2 beautiful Music Box Ballerinas' dancing just for you! In the next room the Pre-historic Cavemen and Women and the old Gold Miners have taken over the Rock and Mineral Room while two Scientist try to gain control.

The Dinosaur and Fossil rooms are overrun by SCUBA Divers and Mountain Men. And that pesky T-Rex Dinosaur keeps playing with the customers.

While the Egyptians want you to learn how to write your name with the ancient writings of Hieroglyphs, those 1950's teeny boppers will Wow you off your feet with music and dancing. Then it's back to school for some kids. Teachers in the 1920's and 30's were a little different back then... Did you wash behind your ears before coming to school today?

As you head into the Native American Room be prepared for the stories of our ancient friends new and old. And if you are unlucky enough to be captured by any of the outlaws and put in jail... *Well... there just might be a few* 'Get out of jail free cards' floating around the museum... Just ask around. The Sherriff says "If you do the crime, by gotta do the time !

Everyone is invited but there is no room for STROLLERS this year!

**We will be closed between the hours of 3pm & 5pm
for set up on Thurs., Fri., & Sat. only.**
